FOUNDER JAM STARTER KIT · QUICKSTART

Find your first customer. Then give them a reason to raise their hand.

Two Founder Jam skills, set up for working on your own. About 100 minutes, start to finish.

1

ICP Definer

~60 MINUTES · RUN THIS FIRST

Pick one beachhead customer, see how competitors win theirs, and choose 1-2 channels for a 30-day push.

2

Lead Magnet Ideator

~40 MINUTES

Generate 5-7 lead magnet ideas, score them against each other, and get a test post for the best ones before you build.

Pick your path

Any plan, including Free

1. Open a prompt in *paste-in-prompts/*
2. Copy it into a new chat at claude.ai
3. Fill in the brackets and send

Claude with Skills turned on

1. Customize → Skills
2. Plus → Create skill → Upload a skill: both zips in *upload-to-claude/*
3. New chat: "Run icp-definer"

Step 1 ends with this block. Copy it into step 2 so you don't retype anything.

```
FOUNDER JAM HANDOFF
startup_name: …
business_type: …
icp_segment: …
top_pains: …
channels_selected: …
```

What good looks like

Your ICP is specific when

- you can name a real person who fits it
- it has a trigger: something that just happened to them
- it describes a problem, not a demographic

Your lead magnet is ready to test when

- it scores 3.0 or higher
- a working version takes days, not weeks
- finishing it leads to what you sell

Want the full day? Founder Jam: a full-day working session with an experienced founder beside you.
